

SyrusConsultancy

DELIVERING CREATIVE YOUTH SERVICES

Life Coach

Christopher Syrus is qualified Life Coach offering holistic 1 to 1 transformation coaching.

Coaching works on the premise that you already have all the answers you need to transform and remove barriers preventing you from fulfilling your desires.

We specialise in personal development and business coaching. However to create breakthroughs in these areas, we may need to explore surrounding issues like health or relationships which may be having an impact on these focus areas.

Using strategic questions, sharing of experiences and knowledge and providing accountability our coaching methods create real improvements and lasting results. Coaching is delivered during weekly meetings in person or via phone, Skype or preferred communication platform.
